3. SOURCE Civilian	10. CONCLUSION UNIDENTIFIED
4. NUMBER OF OBJECTS One	
5. LENGTH OF OBSERVATION 30 Minutes	11. BRIEF SUMMARY AND ANALYSIS Observer noted solid object that he could not see through the object. The object had lights all around it. Object disappeared into a wooded area behind trees and did not appear again. Object was larger than one of our army tanks and our tanks do not fly. A very low humming sound was heard by the observer. Object was compared to a large army tank. The initial evaluation of a possible aircraft with some type of advertising gimmick seemed reasonable, however; the local airport knew of no such aircraft operating in the area. Without additional data the case is being carried as UNIDENTIFIED by the Air Force.

Sept 11-66.

Dear Sirs:

This is what I saw the other Nite while Driving home. The Nite was very clear. Stars were out only a few small clouds. When I saw this it was very low and traveling slowly. I could see every thing very clearly. I stopped beside of the road and Watched it move around in the sky for over 15 minutes. Then it looked like it landed in a wooded area. I waited awhile for it to rise into view again. But nothing happened.

So I started my car and continued to drive on home. I did not see the object again that nite.

Once before I saw an object in the sky that looked like this one. But the weather was slightly misty + foggy & I was not sure. But this time I saw it very clearly.

Remain

Sincerely yours.

Contact was made with Goodyear Corp. Akron, Ohio [REDACTED] with a Mr. [REDACTED]. The Goodyear blimp was in the Louisville Kentucky area on 9 Sept. 66, thus could not account for the observation. The blimp has an advertising sign that measures 100 feet long and 14 feet high attached to the side of the craft. There are four lights that comprise the sign. The blimp flies in various parts of the country from time to time and uses the sign for various advertising.

14. Did the object disappear while you were watching it? If so, how?

It disappeared into a wooded area, behind trees and did not appear. I waited some time for it to appear when it did not, I drove home.

15. Did the object move behind something at any time, particularly a cloud?

(Circle One):

☒ Yes

☐ No

☐ Don't Know.

IF you answered YES, then tell what

it moved behind:

There was a few small clouds in the sky at first when I saw it, I thought it was a plane with obscuring, later, but as it descended I saw it once it was not.

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One):

☐ Yes

☒ No

☐ Don't Know.

IF you answered YES, then tell what

in front of:

After it came out of the cloud, it descended to about a few hundred feet off the ground & traveled very slowly in a straight line. Then it settled behind some trees.

17. Tell in a few words the following things about the object:

a. Sound

There was a slight humming sound on & off.

b. Color

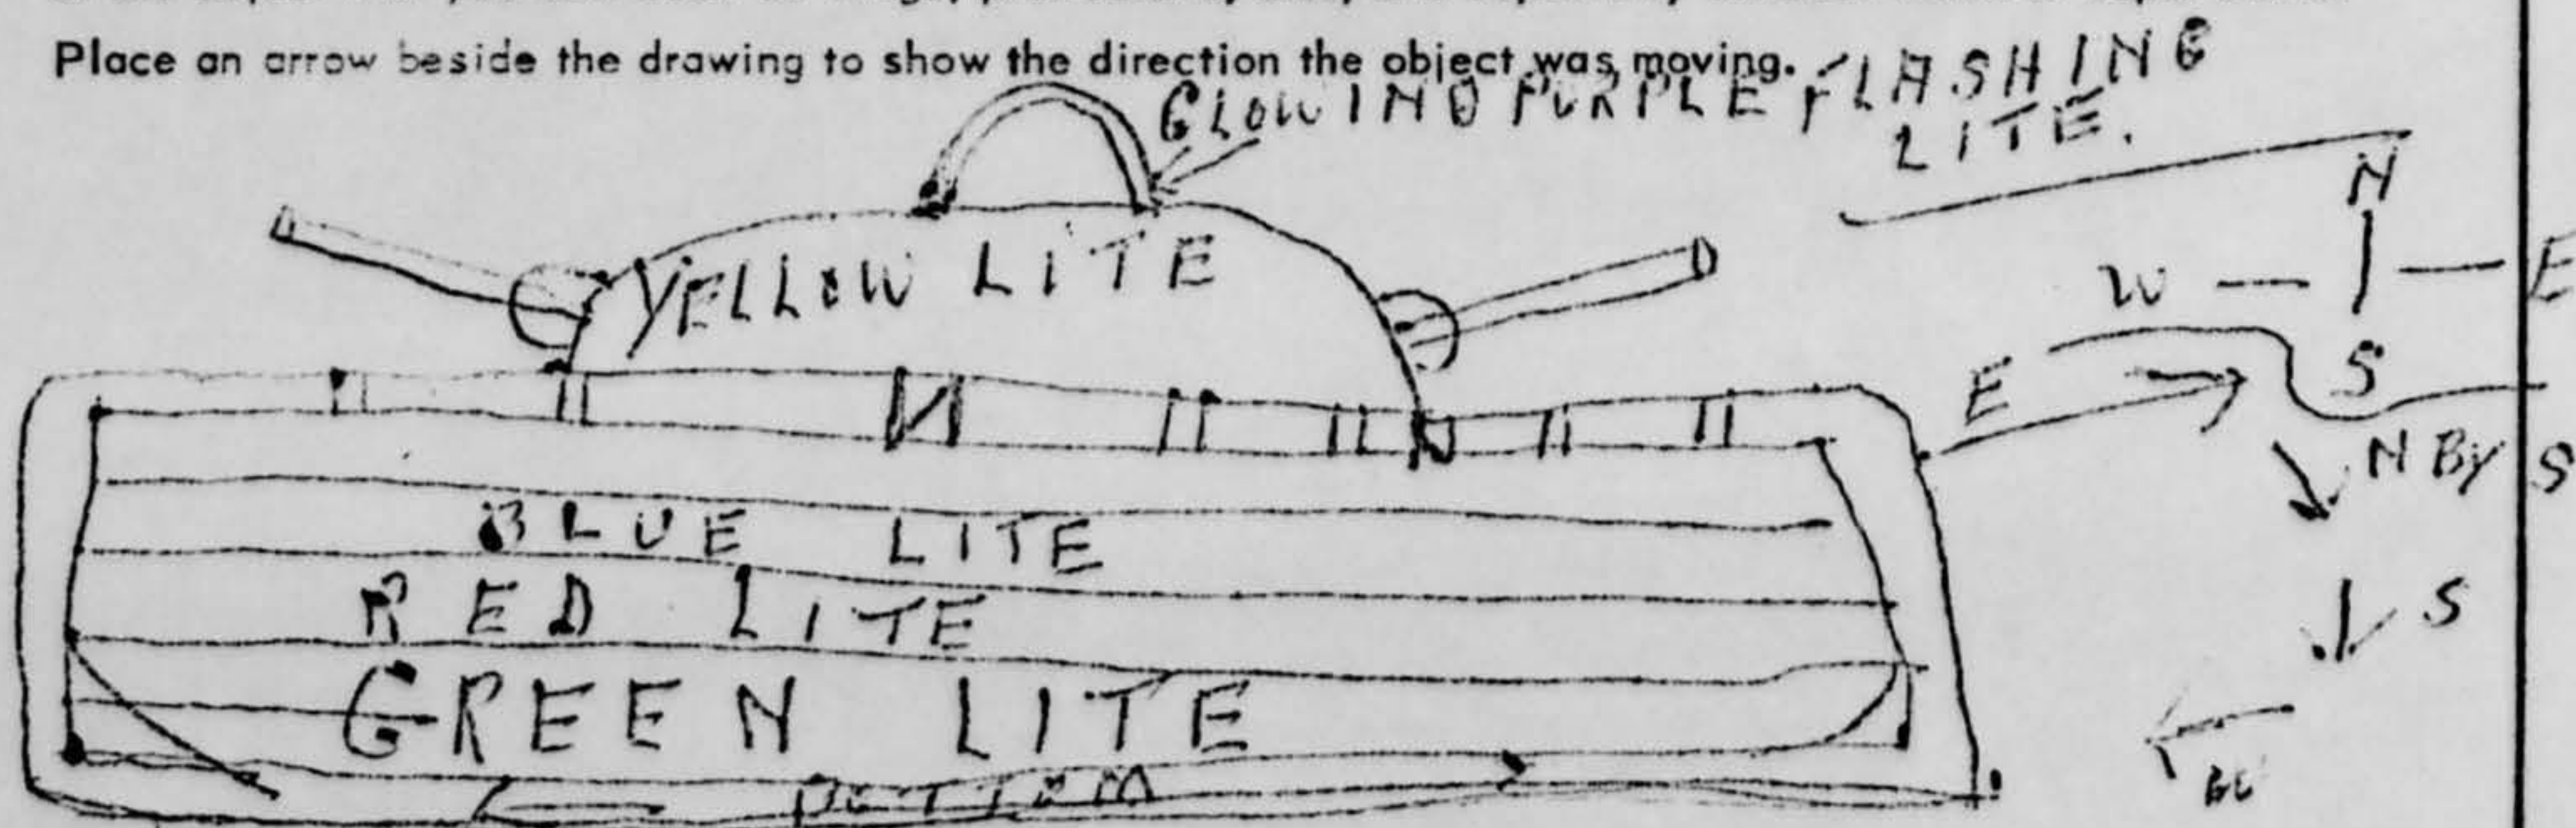

Trickle Colors from Top to Bottom. It was as large as bigger than one of our largest army tanks.

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

There is no comparison in regards to size of object. I do not need a match stick to compare size, as I just said above. It was as large as larger than one of our army tanks and our tanks do not fly.

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails.

Place an arrow beside the drawing to show the direction the object was moving.

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

It was between 9 and 10 P.M. of Friday Evening. I was driving south. I had my Dog with me & had stopped beside the Road a moment before to let my Dog out to relieve himself. I was just beginning to start the car into motion, when out of the corner of my Right Eye I saw something. I turned my head & faced to the west and in the distance I saw flashing lights. At first I thought it was a Plane. But as it came closer, and at the rate of it traveled I knew it once it was not a Plane. There were too many lights & colors. And except for a very low humming sound there was no other sound. Now was there an after sound like from a plane after it has passed by. That's about all I can tell you about it. Except that it made no attempt to buzz or anything like that.

North Brookfield, N. Y.

altho at one time it was Directly over
head about 4 or 500 feet in the air. and the
object had reduced to and almost motionless
movement for a few moments then turned
south, then South West & then South and Disappeared
behind some trees. I waited a while to
see if it would appear again. But it
did not. So I started my car & drove home.

I did not see it again, that night, nor have
I seen it since. I have not told any
one around here about it. Except for the
letter I mailed to Washington, D.C. with a
Description and Drawing as I have given
to you in this form. If there is anything
else you wish to know, Please let me know.
altho I do not believe I can tell you any
more than I have now.
